

The Oconto Evergreen Cemetery Potter's Field Research Project

Individuals researched but not included in the Potter's Field List

by Peter Gabrielson, Oconto Wisconsin

Updated July 8, 2022

This document is a collection of information about individuals that have been buried at the Evergreen Cemetery in Oconto Wisconsin. Included in it is information about individuals buried in the cemetery that were part of the research but were not identified as being buried in the Potter's Field. Included is information about 119 individuals who I researched because there was a possibility that they were buried in an unmarked grave in our potter's field. However, they are not included in the Original list of unmarked graves, either because there is a marker recognizing them, or because they are buried somewhere else. However, in many cases the information about them was so interesting I decided to create a separate document to include them. This is a document that will continue to be updated as more information becomes available.

The information was gathered over a period of years from several sources including:

- The Evergreen Cemetery Record Burials book;
- The Oconto County Genealogical Society's Cemetery search web page (http://www.wicemeteries.com/cem_search2.php);
- The Family Search website (<https://www.familysearch.org/search/>);
- The Ancestry Search Library Edition (<https://www.ancestrylibrary.com/>);
- The Oconto County newspaper digitized historical collection (<http://ocnews.co.oconto.wi.us/jsp/RcWebSimpleSearch.jsp>);
- Newspapers.com+ (<https://www.newspapers.com/>);
- Oconto County Reg of Deeds Office; and,
- Others.

I have organized the information in a table format and have included the following information by column:

1. ID #
2. Interment Date (Year, Month);
3. Name;
4. Can they be identified as being buried in The Potter's field? (Yes, No, Questionable, etc.) and; How is the burial listed in the Evergreen Cemetery Record Book? (Potter's Field, Common Ground, Poor Ground, Blank (no information listed) etc.); a key to the entries in column 4 is at the top of each page
5. Age at the time of their passing;
6. Notes & Misc. Information including links to online site articles about the person if I found any.

KEY: PF- potter's field; Y-yes; Q- questionable, not sure; YQ- questionable but probably yes; N- not in PF; NQ Probably not; B-blank; PF- potter's field; NPF- north pf; SPF- south pf; PG- poor ground; CG- common ground; BE- buried elsewhere; ; M- not in records but in media (newspaper, etc.); YCH- yes cemetery history

***Note: I entered this information as I was doing my research, thus a lot of it is in a note-taking type format and as a result is grammatically "rough". Some names are still recorded with no capital letters and abbreviations are used that might not make sense to everyone.**

This has been a labor of love for me and I hope that it provides you with information, inspiration and appreciation for the great individuals and families from all walks of life that have made this community and our country what it is for all of us.

Thanks, Pete Gabrielson
Oconto, Wisconsin

**** PLEASE NOTE-** For many of these individuals, I was able to locate articles from the Oconto County newspaper digitized historical collection (<http://ocnews.co.oconto.wi.us/jsp/RcWebSimpleSearch.jsp>) that referenced them. Many of these articles were fascinating and they added a lot of "life" to the story of these individuals and their families. In each case, I copied the link to these articles and included it in the "*Research Notes & Misc.*" column of the table. **In most cases I noted the page number on which the article can be found to make it easier to find, however I might have missed a couple; so, if you do open a link in which I have not identified the page number, you should be able to find the specific article by using the search function (orange magnifying glass) at the top of the page.**

*****REMINDER, AS I SAID ABOVE, I AM STILL IN THE PROCESS OF REFINING MY RESEARCH SO THIS DOCUMENT WILL CONTINUE TO BE UPDATED AS I CONTINUE MY WORK. PLEASE FEEL FREE TO CONTACT ME IF YOU HAVE QUESTIONS, COMMENTS OR CORRECTIONS. THANKS**

THIS SECTION INCLUDES INFORMATION ABOUT 119 INDIVIDUALS WHO I RESEARCHED BECAUSE THERE WAS A POSSIBILITY THAT THEY WERE BURIED IN AN UNMARKED GRAVE IN OUR POTTER'S FIELD. HOWEVER, THEY ARE NOT INCLUDED IN THE POTTER'S FIELD LIST OF UNMARKED GRAVES, EITHER BECAUSE THERE IS A MARKER RECOGNIZING THEM, OR BECAUSE THEY ARE BURIED SOMEWHERE ELSE.
